Description

- An all-around multi-sport thermal garment offering protection against wind chill and surface splash coupled with the ultimate flexibility of movement that is required in more extreme water sports. The ½ front zip allows you to open the top up when the suns out or zip when the weather turns. Material is equivalent warmth to a 2.5mm neoprene but breathable so you won't overheat when working a little harder. Ideal for SUP, Kayaking and Sailing in moderate to cold conditions.
- Warm, moisture-wicking, anti-bacterial inner fleece layer in body and arms, bi-laminate Merino wool underarms to wick and draw moisture away
- Lightweight and 4-way stretch, Lavacore is neutrally buoyant. UPF 50+ protection
- All seams are overlapped during flat lock sewing, full gusset incorporated into the underarm providing excellent range of motion with extended material on back to keep shirts from riding up
