Description

Stable Ride with Tons of Control

Cobe may have designed the Clutch years ago, but this timeless shape deserves a special place in our line. It has everything a pro rider needs but is genuinely ideal for beginner to intermediate riders looking for a predictable 3-stage board with explosive pop off the wake. Designed with four long molded fins and tracking channels, the Clutch provides a smooth ride with plenty of hold on the water. The variable beveled edge keeps the board's midsection catch-free and tapers towards the tip and tail for added bite while edging. This easy to ride board is perfect for

building fundamentals, improving confidence, and enhancing progression.
